Gentlemen:

Please find enclosed two (2) copies of the "Final Phase II RFI/RI (Alluvial) Work Plan - Operable Unit 2" for the 903 Pad, East Trenches and Mound Areas at the Rocky Flats Plant. This work plan has been conditionally approved by the EPA and CDH. DOE has incorporated the comments of EPA and CDH and is submitting this copy as a courtesy copy, not as an IAG deliverable, so you will have the final version for your files and reading room.

If you have any questions or would like to meet prior to the field initiation of this Operable Unit, please contact Brent Lewis of my staff at 966-4765.

Sincerely,

David P. Simonson
Assistant Manager
for Environmental Management
